

## Feedback Report 2017-18

The feedback obtained from the students was useful to improve the quality of activities. The students found the training program effective to handle the students in the government schools.

For Teachers- The student's feedback was analyzed and it was inferred that all the teachers had good subject command and could motivate the students. The teachers gave sufficient time for feedback.

Library- The facility of the library found adequate and sufficient for them.

They want two days community visit will be more beneficial and enjoyable.
